

# EUPHEMIA CHIKUNGULU

## SOFTWARE DEVELOPER

### CONTACT

- +260 762 273 483
- euphemiachikungulu347@gmail.com
- Lusaka, Zambia.

### CERTIFICATIONS

Africa 2 Silicon Valley Hackathon  
Semi-Finalist.

- I am a purpose-driven software developer focused on building inclusive and user-friendly systems that improve access to services and empower communities, especially the youth. My experience in the health, fintech, and logistics sectors has strengthened my ability to design and deliver digital solutions that address real-world challenges and support essential services. I am passionate about leveraging technology to bridge gaps in education, employment, and social protection for underserved populations. I bring both technical expertise and social insight to every project, with a commitment to developing systems that are impactful, efficient, and sustainable.

### WORK EXPERIENCE

Present

#### Nyamula Logistics

- At Nyamula, I am responsible for designing and developing the company website ensuring we have seamless connection between cargo owners and transporters, while integrating it with WhatsApp and various payment gateways.

#### Bravelender

Jan 2024 - Dec 2024

##### Software Developer

- Developed and maintained web applications using PHP/Laravel and Mysql
- Collaborated with a team of developers to implement new features and improve existing functionality.
- Wrote unit and integration tests to ensure code quality.
- Participated in code reviews and provided constructive feedback.

#### DAWA HEALTH

Jan 2023-Dec 2023

##### SOFTWARE DEVELOPER/INTERN

- In my role at Dawa Health, I was involved in the design of a chatbot system aimed at enhancing patient communication and support. Although the project remained incomplete, I contributed to the foundational aspects of the chatbot, focusing on user needs and functionality to ensure it would effectively serve its intended purpose.

#### TECHIQ

2022

##### SOFTWARE DEVELOPER/INTERN

During my internship at TechIQ, I focused on creating user experience designs for both the website and mobile applications, ensuring intuitive and engaging interfaces for users

### EDUCATION

#### BACHELOR OF IT WITH SOFTWARE ENGINEERING

2021-2024

School of IT | Zambia University Of Technology
